Please join us for a briefing on America's Wildlife Crisis

Hosted by Representatives Fortenberry and Dingell

FEATURING

Live wildlife with National Wildlife Federation Naturalist & TV Personality David Mizejewski
Carter Smith, Executive Director of Texas Parks and Wildlife
Collin O'Mara, President & CEO, National Wildlife Federation

Other speakers include representatives from
Pheasants Forever, American Fisheries Society, and The Wildlife Society

America is blessed with an extraordinary array of fish and wildlife, yet many populations are in serious trouble and up to one-third of U.S. species are at increased risk of extinction. A recently released report, *Reversing America's Wildlife Crisis*, highlights the threats facing America's wildlife, and calls for a greater investment in proactive wildlife conservation—particularly through the Recovering America's Wildlife Act.
